End AR Friction with Clarity, Agility & Flexibility

When you can't keep track of your invoices, a lot can go wrong. Data becomes irrelevant. Trends become traps. Payments can't be processed on time. Before you know it, your cash flow dries up. It's all friction and it's slowing down your supply chain. How can you put an end to it? Here are four ways with **Tungsten Network Analytics**:

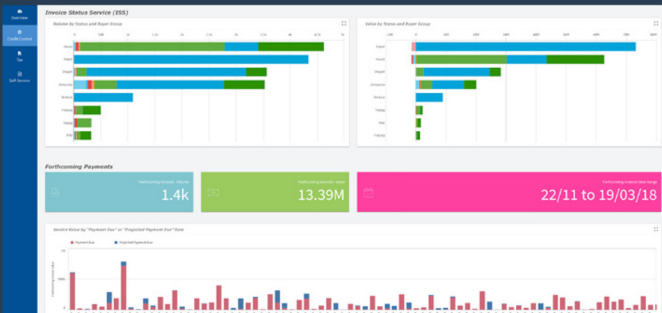

Gain Clarity into Your Business with OVERVIEW

Get a high level look at the state of your invoices on our network. Pinpoint data that impacts your business. Track month-to-month cash flow. Spot short and long-term anomalies that affect operations. Then, use these insights to improve the efficiency and profitability of your entire global supply chain – all with OVERVIEW.

Plan Ahead with the Agility of CREDIT CONTROL

Monitor and manage your cash flow with CREDIT CONTROL and see how invoices are progressing – or if they're not. With greater visibility into the highs and lows of your business cycle, identify your greatest opportunities. Take control of your invoice data, and start predicting, pinpointing and resolving issues quicker.

Tungsten Analytics Advantages

ANALYSE YOUR SPEND:

Maximise Your Tax Efficiency, with TAX

Deep insights that help minimise tax payments are only the beginning of the benefits TAX delivers. You can ensure that all tax payments are paid in the right jurisdiction, avoid paying double taxation on cross-border invoices, and check or correct inaccurate rates that lead to underpayment and non-compliance penalties.
